Graphically Adding Vectors Wkst

Find the Resultant for the following.
You MUST use the Graphing Method.

1. You walk 46 m East and then 20 m north.

Harder
2. You walk 46 m East , 20 m North, and 40 m South

Harder
3. You walk 36 m East and the 50 m NE

Harder
4. You walk 40 m at an angle of 25⁰ North of East and then go 22 m at an angle of 76⁰ West of South.
